SECTION 1 - INTRODUCTION AND GENERAL INFORMATION

1.1 Introduction and Purpose

The Mercer County Improvement Authority (“MCIA”) has been created by a resolution of the Board of Chosen Freeholders of the County of Mercer (the “County”) as a public body corporate and politic of the State of New Jersey, pursuant to, and in accordance with the County Improvement Authority Law, N.J.S.A. 40:37A-44, *et seq.*, and the acts amendatory thereof and supplemental thereto.

The MCIA is soliciting Proposals from interested firms for the provision of the services as described in Section 2 to assist in the procurement of Solid Waste Services (the “Project”). Through a Request for Proposal (“RFP”) process described herein, firms interested in assisting the MCIA with the provision of these services must prepare and submit a Proposal in accordance with the procedures and schedule described in this RFP. The MCIA will review only those Proposals that include all the information required as described herein (in the sole judgment of the MCIA). The MCIA intends to engage firm(s) that (a) possess the professional capabilities to provide the proposed services, and (b) will agree to work under the compensation terms and conditions determined by the MCIA to provide the greatest benefit to the taxpayers of Mercer County.

1.2 Project Description

The MCIA currently leases a transfer station, located in Ewing Township, New Jersey, which is located on the now-closed Ewing Township Landfill. Solid waste generated within Mercer County (approximately 275,000 tons per year) is delivered to the transfer station by local collection vehicles, tipped onto the transfer station’s tipping floor, loaded onto long-haul transfer vehicles and transported to a landfill for disposal. The MCIA currently contracts for the operations of the transfer station, transfer & disposal of Mercer County solid waste with Waste Management of New Jersey, Inc. expiring October 31, 2018. The transfer station accepts NJDEP solid waste types 10, 13, 23, 25, 27, 27I, and 27A, and has a daily processing capacity of 1500 tons per day. Primarily, ID Type 10 waste is processed through the transfer station’s compactors and loaded into transfer trailers. The solid waste is ultimately disposed of at GROW’s Landfill located in Falls Township, PA.

The MCIA is requesting the Engineering firms to assist the MCIA to procure a new Transfer, Transport & Disposal contract for up to a 5 year term. These services are more fully described in section 2.1 of this RFP.

1.3 Procurement Process and Schedule

The MCIA is soliciting Proposals through a “fair and open process” in accordance with New Jersey Local Unit Pay to Play Legislation, N.J.S.A. 19:44A-20.4 *et seq.* and P.L. 2005 c. 271. The MCIA has structured a procurement process that seeks to obtain the desired results described above, while establishing a competitive process to assure that each firm is provided an opportunity to submit a Proposal in response to the RFP. Proposals will be evaluated based on how each respondent addresses the scope of work set forth in Section 2 and the submission requirements set forth in Section 3 of this RFP.

Proposals will be reviewed and evaluated by the MCIA and its appropriate staff and consultants (collectively, the "Review Team") to determine if the Respondent has met the minimum professional and administrative requirements described in this RFP. Under no circumstances will a member of the Review Team review responses to an RFP if they or their firm have submitted a response. Based upon the totality of the information contained in the Proposal, including information about the reputation and experience of

each Respondent, the MCIA will (in its sole judgment) determine which Respondents are qualified (from professional and administrative standpoints).

The RFP process commences with the issuance of this RFP. The steps involved in the process and the anticipated completion dates are set forth in the anticipated Procurement Schedule below. The MCIA reserves the right to, among other things, amend, modify or alter the Procurement Schedule upon notice to all potential Respondents.
